Project Title: Snakes

This site will be an infodump all about snakes, mostly for pet caring purposes. However, I would also like it to be friendly for all ages and newcomers learning about snakes, so the homepage will be a statement about the purpose of the website: to inform the public about snakes! There will a section for learning stuff about snakes in general, such as their diet, myths vs facts, and what snakes are good as pets and why they would be good as pets!

- Home Page/Introduction – Introduce site's purpose to inform the public about snakes and why they should consider getting a snake as a pet.
    - Fun fact of the day about snakes
    - Big box for beginners
    - Perhaps links to other sites dedicated to reptiles and/or animals with a bad rep
- Basic info about snakes
    - Types of snakes, what snakes are, life expectancy, reproduction, etc.
    - Myths vs facts
    - Why you should get a snake as a pet
- Snake pet care
    - Snakes for beginners, intermediate, or expert
    - Needs for snakes (food, environment, stimulation, etc.)
    - Links to trusted vendors who sell snakes
- Snake info NOT related to pet care
    - Life in the wild
    - Research about snakes by scientists
    - Snakes in cultural/folklore context
    - Snakes' contribution to their ecosystems
- Sources
    - Wikipedia
    - ReptiFiles
    - r/snakes
